Policy/Initiative Data	
Title of Initiative	Improved Mobility
Partnership details	BFW NRW gGmbH, VSRC, CEAP, IF Center, Lux Impuls GmbH, Centre IFAPME,
Project Duration	01.10.2018 to 31.03.2020
Total Budget	€80,565.00
Description	The innovative approach of this project is the holistic consideration of success factors in the context of mobility projects for different target groups, but above all for target groups from the construction sector. The project intends to identify influencing factors that have a positive effect on mobility. This should lead to better decisions. Strengthening the awareness of one's own strengths increases the likelihood of making use of the offers, such as those made by Erasmus+ or other initiatives. www.go-ibs.de
Phases	n/a

Project Details	
Aim	The aim of the Improved Mobility project is to identify factors that make it possible to measure the probability of successful mobility of trainees in Europe.
Target groups	Former participants, their parents and teachers. Companies searching for apprentices in the Dual System in Germany and other institutional players.
Exchange of Experiences	
Outcomes 1	The project intends to identify influencing factors that have a positive effect on mobility. This should lead to better decisions.
Outcomes 2	The project will be of EU-wide significance due to the composition of the consortium. All the main regions of the EU are represented in the consortium. Western Europe (Spain), Northern-Eastern Europe / the Baltic States (Lithuania), Southern Europe (Italy) and Central Europe (Germany and Belgium).
Policy/Initiative	
Skill gaps	n/a
Mis-matching of skills	We believe that mobility in an increasingly globalised Europe is an absolute added value for young people, to internationalise their experiences and skills and thus to develop them competitively. The holistic reflection of success factors within the frame work of mobility projects concerning various target groups, but primarily target groups from the construction sector, is the innovative approach of this project.
Skills-Shortages	n/a
Training	n/a
Career moves	n/a
Mobility	To encourage Mobility programmes also between European countries and Non-European countries (e.g. with Africa) (BFW recommendation)
