Project Details	
<b>Aim</b>	The aim is to promote green, secure and affordable energy in Europe through regional authorities and policy makers using a web-based guide.
<b>Target groups</b>	Regional authorities, municipal and regional policy-makers
<b>Exchange of Experiences</b>	
<b>Outcomes 1</b>	Development of a web-based guide, which serves as a tool for municipal and regional policy-makers, in order to share guidelines, studies and best practices on sustainable energy solutions. It provides information on innovative policy measures and financing solutions for sustainable heating and cooling projects and shares practices on how to develop suitable approaches to implement such sustainable solutions in other regions and communities
