Title of Initiative	Digitalízate+
Partnership details	
Project Duration	
Total Budget	
Description	<p>This platform is a space of private-public collaboration to facilitate, free of charge, the dissemination and implementation of courses on digital skills, aimed at improving the employability of workers. In it, the visitors will find access to free courses on skills provided by large companies, including those that will help them in the digital transformation process.</p> <p>This project includes companies such as Fundación Telefónica, Fundación ONCE, Google, Microsoft, Cisco, IBM, Oracle, Orange and Fundación Laboral de la Construcción, among others. A total of 44 entities have already joined the initiative. So far, the "Digitalízate Plus" platform offers professionals a total of 963 training courses, completely free of charge, and has already received more than three and a half million visits.</p> <p>Fundación Laboral de la Construcción is providing five courses on subjects related to the digitalisation of the construction sector available free of charge to all workers. These training actions are: "Home automation and integrated management of systems in housing" (4 hours), "BIM methodology: basic concepts and application in the design phase" (4 hours), "BIM methodology: the construction phase" (4 hours), "BIM methodology: BIM ecosystems and workflows" (8 hours), and "BIM methodology: open standards and visualisation of BIM models" (6 hours).</p>
Phases
